## OWNER MAKE READY ADDENDUM

The upkeep and condition of your rental property is of vital importance. Freedom Property Mgmt, LLC, is known for clean, well kept homes. The better the condition, the sooner we can have it rented. Because your home is photographed before move-in, there is proof of the condition of your home before a tenant moves in. According to our lease, the tenant is required to leave the property in the same condition as they received it. Therefore, we can charge the tenant, if the property is not left in the same condition as when initially rented (normal wear and tear expected). We must also re-key the property before a tenant moves in at your expense, but when the tenant moves out, according to our lease, they must pay for the re-key for the next tenant out of their security deposit (lock repairs/adjustments are expected). Carpet cleaning also applies under these same conditions.

Please read and initial the attached Move Out Procedures to fully understand how the property must be before a move-in. If you do not have time to clean the property yourself before vacating, we will certainly get that done for you. Please understand that additional cleaning may be needed due to length of vacancy.

Below is a list of items that must be completed at your expense before a tenant moves in. Again, if you are not able to complete these items, we can have them done for you at your expense.

### **General**

- All personal items and trash **MUST** be removed from the property. This would include, but is not limited to, toilet paper, shower curtains and rings, hangers, plungers, ladders, doormats, yard tools and cleaning supplies. If Owner leaves any of these items, Management may remove them at Owners' expense. We will not keep track of these "personal items" and by leaving them on site, it encourages Tenants to leave similar items behind, which will become clutter. Therefore, it is Freedom's policy to ensure all personal items and trash are removed from the home.
- Do leave any designated items for the property organized and well-marked (paint, instruction books, etc)
- Leave special instructions in easy to find areas
- Refer to the Freedom Property Mgmt, LLC "Move out Procedures" for our cleaning standards

### **Interior**

- Fill any nail and screw holes in walls and touch-up paint or re-paint if needed
- Have wood-burning fireplace chimney cleaned and inspected. Provide proof to Freedom
- Make sure the vinyl is not coming up and carpet is not in need of stretching or repair
- Sweep patios, decks, garage, storage units & steps
- Replace burned out light bulbs (don't forget the oven, vent hood, microwave and refrigerator)
- All light covers and globes must be in place and free from cracks and bugs
- Replace any "CFL style" light bulbs with regular incandescent bulbs due to the potentially dangerous level of mercury in the CFL bulbs
- Make sure that all outlets, light fixtures and switches are working
- Replace any cracked, broken or missing outlet and switch covers
- Stairs and railings inside and out must be secure
- Treat for pests as applicable
- Wood trim, banisters and or cabinets may need Minwax or a similar conditioning product
- "Tag" the shut off for the water main
- "Tag" the water heater shut off valve
- "Tag" the sprinkler system shut off
- Change batteries in smoke detectors. Replace detector that are over 10 years old. At a minimum, a smoke detector needs to be on each level of the house. This also depends on the age of the home.
- A Carbon Monoxide Detector is mandatory within 15 feet of every "sleeping area." We prefer the plug-in type with a digital read-out and battery back-up. No battery only detectors please.
- Don't forget to leave all remotes to include garage, fireplace, fans, etc.
- Ensure that the doorbell works if present
- No interior keyed door knobs are allowed. i.e., bedroom, bathroom doors, etc.
- Only main entry doors can have keyed door knobs or keyed locks.

### **Carpet**

- ALL CARPETS MUST BE PROFESSIONALLY CLEANED WITH A **TRUCK MOUNTED STEAM SYSTEM**. IF THE JOB DOES NOT MEET OUR STANDARDS, YOU MAY BE CHARGED AGAIN. Provide proof to Freedom Property Mgmt., LLC.
- If you have a pet, you must include an enzyme treatment or odor treatment besides the regular cleaning.
- If there is still pet odor after cleaning and treatment. Carpets may need to be replaced.

### **Windows/Doors**

- Ensure window coverings in critical area are in place and clean
- Replace broken glass/windows
- Make sure window in every room open, latch and lock
- Replace any ripped or torn window screens and ensure that all windows that open have a screen
- Ensure that all window and door lock and function properly
- Door stops are needed for all doors
- Doors and garage doors: all exterior doors need to be in sound condition and weather tight

### **Bathrooms/Kitchen**

- Install shower curtain rods if there are none and they are needed
- Replace all caulking and missing or crumbling tile grout
- Make sure that all plumbing is working properly and leak free
- Check garbage disposal for proper operation (also the rubber splash guard)
- Kitchen and Bathroom sink and tub stoppers as needed
- Fix any running toilets

### **Appliances**

- Check all appliances for proper working condition
- Replace and date the refrigerator/freezer water filter if applicable
- Replace furnace filter (please leave extras) and have furnace inspected
- Water heater must have pressure relief valve and downward discharge pipe
- Water Softener maintenance must be established by the Owner prior to management.

### **Exterior/Yard**

- Final clean-up of yard and remove decorative yard items (trim bushes & trees as needed)
- Remove all leaves, pine needles, pet feces and trash from yards
- Yard must be mowed within 3 days of (move-in/move-out) and weed free
- Clean cobwebs from exterior and check outside lights
- Exterior lighting is to be provided where hazards may exist. All fixtures must be in working order. If 110 lighting is provided, it should be in working order or removed
- Replace burned out light bulbs
- All light covers and globes must be in place and free from cracks
- Replace any "CFLstyle" light bulbs with regular incandescent bulbs due to the potentially dangerous levels of mercury in the CFL bulbs
- Disconnect and remove all garden hoses
- Ensure that the sprinkler system is properly shut down for the winter or turned on & programmed/adjusted for summer
- Ensure that the evaporative cooler is property shut down for winter or running efficiently with no leaks for summer
- Check gutters for blockages, leaks and proper drainage. Ensure that splash-blocks in place
- Make sure that the roof is in good repair
- Remove oil/grease stains from patios, driveways and garage floors
- Any trip hazards must be identified to management if Owner is not able to correct prior to management
- Stain decking and fences as needed (check for sturdiness)
- The exterior should have no flaking or chipping paint
- Remove all debris, leaves, and trash from window wells
- Decking and Fences must be in good repair and stable

**If any of the above items are not completed, Freedom Property Mgmt., LLC, has the authority to complete at owner's expense. If prompt payment is not received, it will be deducted from rents received.**
